Self-Awareness

Goal: Our students will recognize emotion and choose a healthy response to develop a growth mindset.

Standards

- Understanding One's Self
- Advocating for One's Needs
- Understanding the Impact of Emotions; Choosing Appropriate Responses to Big Emotions
- Developing a Growth Mindset; Seeing Challenges as opportunities for improvement, willingness to try new things
- Circle of Control; Understanding where your circle begins and ends

Home Connection

Fox C-6 Framework for Student Success

Competency #3
February 2023

During the month of February, Fox C-6 will be celebrating and supporting Self-Awareness in our schools and buildings around the district.

As our students grow, understanding who they are and interacting appropriately with the world around them will prepare them to be successful in all their endeavors. We appreciate that you have started this work in your homes and look forward to supporting this work for the good of our students!
