INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Education
Fox C-6 School District

Report on the Audit of Financial Statements

Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Fox C-6 School District (District), Missouri, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, each major fund and the aggregate remaining fund information of Fox C-6 School District, as of June 30, 2023, and the respective changes in modified cash basis financial position for the year then ended in accordance with the modified cash basis of accounting described in Note I.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter-Basis of Accounting

We draw attention to Note I of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note I, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of

internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole on the basis of accounting described in Note I.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the budgetary comparison schedules but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

FOX C-6 SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fox C-6 School District (District) was established under the Statutes of the State of Missouri. The District operates as a "six director" District (with seven members of the Board of Education) as described in RSMo Chapter 162.

The financial statements of Fox C-6 School District have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting (OCBOA) other than generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. This modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Reporting Entity

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. A decision whether to include a potential component unit in the reporting entity would be made by applying criteria set forth in GAAP. The basic, but not the only criterion for including a potential component unit within the reporting entity, is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, the District has determined that no other outside agency meets the above criteria, and therefore, no other agency has been included as a component unit in the District's financial statements. In addition, the District is not aware of any entity that would exercise such oversight, which would result in the District being considered a component unit of the entity.

Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements that provide a more detailed level of financial information.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District, the primary government, as a whole. These statements distinguish between activities that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus and modified cash basis of accounting. This is the same approach used in the preparation of proprietary fund financial statements, but it differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues of the District and for each program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements

Fund financial statements report detailed information about the District. The District segregates transactions related to certain functions or activities into separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The District believes that all the funds presented are important to the users of its financial statements, therefore it considers the General Fund, Special Revenue Fund, Debt Service Fund, and Capital Projects Fund all to be major.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet which generally includes only current assets and current liabilities, and a statement of revenues, expenditures, and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e. expenditures and other financing uses) of current financial resources.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are summarized by providing a separate set of self-balancing accounts which include its assets, liabilities, and fund balances arising from revenues and expenditures. The measurement focus is upon determination of changes in the financial position rather than upon net income determination. The District uses the following funds:

General Fund: This fund is the general operating fund of the District, and accounts for expenditures for non-certified employees, pupil transportation costs, operation of plant, fringe benefits, student body activities, community services, the food service program, and any expenditure not required or permitted to be accounted for in other funds.

Special Revenue (Teachers') Fund: A special revenue fund is required to be established by state law which accounts for expenditures for certified employees involved in instruction and administration, and includes revenues restricted by the state and local tax levy allocations for the payment of teacher salaries and certain benefits.

Debt Service Fund: Accounts for the accumulation of resources for and the payment of, principal, interest and fiscal charges on general long-term debt.

Capital Projects Fund: Accounts for the proceeds of long-term debt, taxes and other revenues designated for acquisition or construction of major capital assets.

Proprietary Funds

Proprietary funds include enterprise and internal service funds. Enterprise funds account for ongoing organizations and activities, which are similar to those often found in the private sector. The measurement focus is upon the determination of change in net position. Internal service funds are established to account for services furnished by a department of the District to other departments on a cost reimbursement basis. The District's proprietary fund includes the activity of the District's self-insured medical benefits account.

Proprietary funds distinguish between operating revenues and expenses from non-operating items. Operating revenues and expenses normally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's internal service fund are District and employee contributions. Operating services of this internal service fund include benefit payments, insurance premiums and administrative costs. Investment income is reported as non-operating revenue.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and Cash Equivalents

The District considers all liquid investments with original maturities of three months or less to be cash equivalents.

Basis of Accounting

The financial statements are presented on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves modifications to the cash basis of accounting to report in the statement of net position or balance sheet cash transactions or events that provide a benefit or result in an obligation that covers a period greater than the period in which the cash transactions or event occurred. Such reported balances include investments, short-term liabilities, arising from cash transactions or events.

This modified cash basis of accounting differs from GAAP primarily because certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected, and other accrued revenue and receivables) and certain liabilities and their related expense or expenditures (such as accounts payable and expenses for goods for services received but not yet paid, and other accrued expenses and liabilities) are not recorded in these financial statements. In addition, other economic assets, deferred outflows, liabilities, and deferred inflows that do not arise from a cash transaction or event (such as donated assets and postemployment benefit obligations) are not reported, and the measurement of reported assets and liabilities does not involve adjustment to fair value.

If the District utilized the basis of accounting recognized as generally accepted in the United States, the fund financial statements for governmental funds would use the modified accrual basis of accounting, and the fund financial statements for proprietary fund types (if any) would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

Revenues-Exchange and Non-Exchange Transactions

Revenues resulting from exchange transactions, in which each party receives essentially equal value, are recorded on the modified cash basis when the District receives the revenue.

FOX C-6 SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenues-Exchange and Non-Exchange Transactions (concluded)

Non-exchange transactions, in which the District receives value without directly giving value in return, include property taxes, grants, entitlements and donations. On a modified cash basis, revenue from property taxes is recognized in the fiscal year for which the taxes are collected. Revenue from grants, entitlements and donations is recognized in the fiscal year in which the funds are received and eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis.

Post-Employment Benefits

COBRA Benefits - Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District provides healthcare benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured on or before the tenth (10th) day of the month for the actual month covered. This program is offered for a duration of 18 months after the termination date. There is no associated cost to the District under this program, and there were 2 participants paying premiums of approximately \$3,385.10 in the program as of June 30, 2023.

The District also has a policy that allows retirees to remain in the insurance program of the District. The premium is paid in full by the insured. During the year ended June 30, 2023, 154 retirees participated on the health insurance plan, 480 on the dental insurance plans and paid premiums totaling approximately \$2,033,366.44.

Inventories

The District does not maintain inventory cost records. Inventory is deemed to be immaterial and is accounted for using the purchase method in which supplies are charged to expenditures when purchased.

Self-Insured Medical Benefits

The District is under a self-insured plan to provide medical benefits to participating employees and their families. The participating employees contribute to the self-insurance fund through payroll deductions based on their coverage election. The District's maximum liability for each employee and in the aggregate for a one-year period is limited by insurance coverage. Transactions for the self-funded insurance are recorded in the Internal Service Fund.

FOX C-6 SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Flex Spending Arrangement

The District has established a flexible spending arrangement, which is a benefit that provides employees with coverage under which specified, incurred expenses may be reimbursed (subject to reimbursement maximums and other reasonable conditions). This arrangement allows participating employees to make pre-tax contributions to the flexible spending arrangement accounts for reimbursements of health and/or dependent care expenses.

The employee does run the risk of forfeiture of any unused contribution by the end of the maximum time period allowed under the plan. A third party administers the reimbursement for the District. The District merely acts as an agent, withholding the funds and reimbursing approved health and/or dependent care expenses.

Salaries

The District's scheduled salary payment for the 2022-23 school year involves paying salaries over a 12-month period. Consequently, the July and August 2023 payroll checks are included in the accompanying financial statements as an expenditure paid in the month of June. This practice has been consistently followed in previous years.

Compensated Absences

Vacation time, personal business days, and sick leave are considered as expenditures in the year paid. Amounts that are unpaid and vested in the employee are paid at termination. Total vested and unpaid sick leave at June 30, 2023, amounted to \$3,902,524.81. This estimate has not been subjected to auditing procedures.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable Fund Balance consists of funds that cannot be spent due to their form (e.g., inventories and prepaids) or funds that legally or contractually must be remain intact. The District did not have any nonspendable resources as of June 30, 2023.

Restricted Fund Balance consists of funds that are mandated for a specific purpose by external parties, constitutional provisions or enabling legislation. The District's restricted funds consist of Scholarships, Professional Development, Child Nutrition Program, Capital Projects, and Debt Service.

FOX C-6 SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Fund Balance Classification (concluded)

Committed Fund Balance consists of funds that are set aside for a specific purpose by the District's highest level of decision-making authority, which is the Board of Education. Formal action must be taken prior to the end of the fiscal year, such as a vote from the Board of Education. The same formal action must be taken to remove or change the limitations placed on the funds. The District did not have any committed resources as of June 30, 2023.

Assigned Fund Balance consists of funds that are set aside with the intent to be used for a specific purpose by the District's highest level of decision-making authority, which is the Board of Education, or a body or official, like the Superintendent, who has been given the authority to assign funds. As of June 30, 2023, the District's Assigned Fund Balances consists of unspent capital projects tax levy funds.

Unassigned Fund Balance consists of excess funds that have not been classified in the previous four categories. All funds in this category are considered spendable resources. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls.

The District would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but it reserves the right to selectively spend Unassigned resources first to defer using these other classified funds.

As of June 30, 2023, fund balance components other than unassigned fund balances consist of the following:

	<u>Nonspendable</u>	<u>Restricted</u>	<u>Committed</u>	<u>Assigned</u>
General Fund	\$ -	\$ 3,078,250.55	\$ -	\$ -

II. DEPOSITS AND INVESTMENTS

The District is governed by the deposit and investment limitations of state law.

Governmental and Proprietary Funds

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At June 30, 2023, the carrying amount of the District's governmental fund deposits and investments was \$63,744,121.70, and the carrying amount of the District's proprietary fund deposits and investments was \$735,451.46. The bank balance was \$79,652,584.93. Deposits were fully insured by depository insurance or secured with collateral held by the financial institution in the District's name.

The District participates in the Missouri Capital Asset Advantage Treasury Program (MOCAAT). MOCAAT is an external investment pool in which the District's monies are pooled with other school districts' monies to purchase investments that are permitted by state statutes. The District's monies are used to purchase a pro-rata share of the pool. A board of directors composed of Missouri school administrators, school board members, and school business officials provides governance and oversight of MOCAAT's operations. The board seeks to maintain a stable net asset value of \$1 per share. A separately issued financial statement for MOCAAT can be obtained by contacting PMA Financial Network, LLC at 1-866-403-4638. At June 30, 2023, the District had \$20,109,885.73 invested through MOCAAT.

The District also participates in the Missouri Securities Investment Program (MOSIP). MOSIP is an external investment pool in which the District's monies are pooled with other school districts' monies to purchase investments that are permitted by state statutes. The District's monies purchase a pro-rata share of the pool. A board of directors composed of Missouri school administrators, school board members, and school business officials provides governance and oversight of MOSIP's operations. The board seeks to maintain a stable net asset value of \$1 per share. At June 30, 2023, the District had \$22,003,149.92 invested through MOSIP.

The District may invest funds in bonds or any instrument permitted by law for the investment of state monies in accordance with section 165.051 of the Missouri Revised Statutes. The District participates in Missouri Direct Deposit Program which is a mechanism for public school bond repayments through the MOHEFA Bond Program. It authorizes the direct deposit of a portion of the District's state aid payment by the State of Missouri to a trustee bank that accumulates these payments and then makes the principal and interest payments to the paying agent on the bonds. The direct deposits occur monthly and the balance is withdrawn every six months to pay the debt service requirement of the related bond issues. At June 30, 2023, the District had \$1,783,232.78 in this program.

FOR THE YEAR ENDED JUNE 30, 2023

II. DEPOSITS AND INVESTMENTS (continued)

The deposits and investments held at June 30, 2023, and reported at cost, are as follows:

TYPE	MATURITIES	FMV
Deposits:		
Cash and Demand Deposits	N/A	\$ 20,583,304.73
Investments:		
External Investment Pool (MOCAAT)	Less than 1 year	20,109,885.73

MOHEFA Bond Program (Money Market Mutual Fund)	Less than 1 year	1,783,232.78
Total Deposits and Investments		\$ <u>64,479,573.16</u>

Custodial Credit Risk – Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's investment policy does not include custodial credit risk requirements. The District's deposits were not exposed to custodial credit risk for the year ended June 30, 2023.

Custodial Credit Risk - Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the Collaborative or its agent but not in the government's name. The District has no formal investment policy for custodial credit risk. All investments, evidenced by individual securities, are registered in the name of the District or are of a type not exposed to custodial credit risk.

Investment Interest Rate Risk

The District minimizes the risk that the market value of securities in the portfolio will fall due to changes in general interest rates by structuring the investments portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and by investing operating funds primarily in no more than 180 days from purchase date and all other investments shall mature and become payable in no more than five years from purchase date. Maturities of investments held at June 30, 2023 are summarized in the schedule on the previous page.

FOX C-6 SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

II. DEPOSITS AND INVESTMENTS (continued)

Investment Credit Risk

Investment credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. To minimize credit risk, the District prequalifies the institutions, brokers/dealers, intermediaries and advisors with which the District will do business and by diversifying the portfolio so that potential losses on individual securities will be minimized. At June 30, 2023, the District's investments were rated as follows:

Description	Financial Institution	Amount	Rating
External Investment Pool	MOCAAT	\$ 20,109,885.73	AAAm
External Investment Pool	MOSIP	\$ 22,003,149.92	AAAf
MOHEFA Bond Program:			
Money Market Mutual Funds	BOK Financial	\$ 1,783,232.78	AAAmf

Concentration of Investment Credit Risk

Concentration of credit risk is required to be disclosed by the District for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments).

As a means of limiting its exposure to losses arising from concentration of investments, the District's investment policy mandates that the portfolio not have a concentration of assets in specific maturity, specific issuer or specific class of securities. At a minimum, diversification standards by security type and issuer are established as: (a) U.S. treasuries and securities having principal and/or interest guaranteed by the U.S. Government, 100%; (b) collateralized time and demand deposits, 100%; (c) U.S. Government agencies and government sponsored enterprises, no more than 60%; (d) collateralized repurchase agreements, no more than 50%; (e) U.S. Government agency callable securities, no more than 30%; (f) commercial paper and bankers' acceptances, no more than 50%. At June 30, 2023, the District did not have any concentrations of credit risk required to be disclosed.

IV. CHANGES IN LONG-TERM DEBT (continued)

Article VI, Section 26(b), Constitution of Missouri, limits the outstanding amount of authorized general obligation bonds of a District to 15% of the assessed valuation of the district (including state-assessed railroad and utilities). The District did not exceed the available bonding capacity at June 30, 2023.

CAPITAL LEASES

The District entered into a capital lease on October 20, 2017, for computers with Midwest Regional Bank for \$551,377.20. The terms of the lease agreement include an interest rate of 2.90% with 10 payments of \$119,390.32, ending October 20, 2022. The total lease expense for the year ended June 30, 2023, was \$59,610.10.

V. RETIREMENT PLAN

**Public School and Education Employer Retirement Systems of Missouri
(PSRS and PEERS, also referred to as the Systems)**

General Information about the Pension Plans

Plan Description. PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of the Systems, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the State of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions. Any PSRS member who is required to contribute to Social Security comes under the requirements of Section 169.070 (9) RSMo, known as the "two-thirds statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount.

PEERS is a mandatory cost-sharing multiple employer retirement system for all non-certified public school district employees (except the school districts of St. Louis and Kansas City), employees of the Missouri Association of School Administrators, and community college employees (except the Community College of St. Louis). Employees of covered districts who work 20 or more hours per week on a regular basis and who are not contributing members of PSRS must contribute to PEERS. Employees of the Systems who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600-169.715 and Sections 169.560-169.595 RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of PSRS.

V. RETIREMENT PLAN (continued)

Benefits Provided. PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of 5 years of service, (b) have 30 years of service, or (c) qualify for benefits under the “Rule of 80” (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Actuarially age-reduced benefits are available for members with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the “Rule of 80” but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

PEERS is a defined benefit plan providing retirement, disability, and death benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the “Rule of 80” (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61% benefit factor. Members qualifying for “Rule of 80” or “30-and-out” are entitled to an additional temporary benefit until reaching minimum Social Security age (currently age 62), which is calculated using a 0.8% benefit factor. Actuarially age-reduced retirement benefits are available with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the “Rule of 80” but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

Summary Plan Descriptions detailing the provisions of the plans can be found on the Systems’ website at www.psrs-peers.org.

Cost-of-Living Adjustments (“COLA”). The Board of Trustees has established a policy of providing COLAs to both PSRS and PEERS members as follows:

- If the June-to-June change in the Consumer Price Index for All Urban Consumers (CPI-U) is less than 2% for one or more consecutive one-year periods, a cost-of-living increase of 2% will be granted when the cumulative increase is equal to or greater than 2%, at which point the cumulative increase in the CPI-U will be reset to zero. For the following year, the starting CPI-U will be based on the June value immediately preceding the January 1 at which the 2% cost-of-living increase is granted.
- If the June-to-June change in the CPI-U is greater than or equal to 2%, but less than 5%, a cost-of-living increase of 2% will be granted.
- If the June-to-June change in the CPI-U is greater than or equal to 5%, a cost-of-living increase of 5% will be granted.
- If the CPI decreases, no COLA is provided.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

V. RETIREMENT PLAN (concluded)

For any PSRS member retiring on or after July 1, 2001, such adjustments commence on the second January after commencement of benefits and occur annually thereafter. For PEERS members, such adjustments commence on the fourth January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80% of the original benefit for any member.

Contributions. PSRS members were required to contribute 14.5% of their annual covered salary during fiscal years 2021, 2022 and 2023. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay.

PEERS members were required to contribute 6.86% of their annual covered salary during fiscal years 2021, 2022 and 2023. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5% of pay.

The District's contributions to PSRS and PEERS were \$10,231,835.89 and \$1,409,695.20, respectively, for the year ended June 30, 2023.

VI. DEFERRED COMPENSATION PLAN

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all district employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. In accordance with Internal Revenue Code Section 457, the deferred compensation is put in accounts under the participating employee's name. The plans are administered by independent plan administrators through administrative service agreements. The District's administrative involvement is limited to transmitting amounts withheld from payroll to the plan administrator who performs investing functions. The assets will not be diverted to any other purpose. Therefore, the financial activity of these plans is no longer reported in the District's Agency Fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

VII. EMPLOYEE BENEFIT PLAN

The District offers its employees tax sheltered investment programs created in accordance with Internal Revenue Service Code Section 403(b). The plan is available to all District employees and permits them to accumulate funds through salary deferral on a tax-free basis until such funds are withdrawn from the plan.

VIII. SELF-INSURED AND POST-RETIREMENT MEDICAL BENEFITS

The District generally retains the risks related to its obligations to provide medical benefits to participating employees. These employees contribute to the self-insurance fund through payroll deductions based on their coverage election. However, the District's maximum liability for each employee or in the aggregate for a one-year period is limited by excess insurance coverage.

The District permits its retirees, both classified and certified, to participate in the medical insurance programs offered to current employees, including the District's self-insurance program. Retirees pay 100% of the insurance premiums or applicable contributory amounts in the case of the self-insurance program. The amount of medical benefits paid through the self-insurance program during 2022-2023 for retirees, in excess of their contributions, is not readily determinable.

IX. INTERFUND TRANSFERS

During 2023, transfers were made to the Capital Projects Fund and Special Revenue Fund from the General Fund. The transfer to the Capital Projects Fund consists of \$1,736,349.00, known as a \$162,326 or 7% \times SAT \times WADA transfer. A transfer of \$33,556,797.04 was made to the Special Revenue Fund in order to achieve a zero balance in the account.

X. COMMITMENTS AND CONTINGENCIES

Grant Audit – The District receives federal grants and state funding for specific purposes that are subject to review and audit. These reviews and audits could lead to requests for reimbursement or to withholding of future funding for expenditures disallowed under, or other noncompliance with terms of the grants and funding. The District is not aware of any noncompliance with terms of the grants and funding. The District is not aware of any noncompliance with federal or state provisions that might require the District to provide reimbursement.

Litigation – At this time, the District is involved in pending litigation. No provision has been made in the financial statements for any loss that might arise in the event of an unfavorable outcome of these matters. District management believes that such litigation and claims will ultimately be resolved without material financial liability, if any, to the District.

Construction Contracts - As of June 30, 2023, the District has construction commitments of approximately \$34,732,175 related to building additions, renovations and track replacement projects of which approximately \$19,045,175 has been expended.

XI. TAX ABATEMENTS

The City of Arnold authorized the following tax abatement through Chapter 100 bonds during December 2012 and December 2015, in the amounts of \$88,000,000 and \$150,000,000 for the purpose of supporting the local industry which is Metal Container Corporation, a subsidiary of A-B InBev. This abatement was to provide financing to support two expansions of the can plant operated by Metal Container Corporation. As the assessment of the value of this abatement is not within the scope of the Jefferson County Assessor's office, it is undetermined the amount which is abated through this issuance.

XII. SUBSEQUENT EVENTS

In preparing these financial statements, the District has evaluated events and transactions for potential recognition or disclosure through December 15, 2023, the date the financial statements were available to be issued.

FOX C-6 SCHOOL DISTRICT
NOTES TO THE BUDGETARY COMPARISON SCHEDULES
YEAR ENDED JUNE 30, 2023

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) In accordance with Chapter 67, RSMo, the District adopts a budget for each fund of the political subdivision.
- 2) Prior to July, the Superintendent, who serves as the budget officer, submits to the Board of Education a proposed budget for the fiscal year beginning July 1. The proposed budget includes estimated revenues and proposed expenditures for all District funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year.
- 3) A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
- 4) Prior to July 1, the budget is legally enacted by vote of the Board.
- 5) Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the Board. Adjustments made during the year are reflected in the budget information included in the accompanying financial statements.
- 6) Budgeted amounts are finally amended by the Board of Education on June 20, 2023. At that meeting, the Board of Education approved a resolution setting the final approved budget amounts equal to actual revenues and expenditures.

INDEPENDENT ACCOUNTANT'S REPORT ON MANAGEMENT'S ASSERTIONS ABOUT COMPLIANCE WITH SPECIFIED REQUIREMENTS OF MISSOURI STATE LAWS AND REGULATIONS

To the Members of the Board of Education
Fox C-6 School District

Report on Compliance with State Requirements

We have examined management's assertions that the Fox C-6 School District (District) complied with the requirements of Missouri laws and regulations regarding budgetary and disbursement procedures; accurate disclosure by the District's records of pupil attendance and average daily transportation of pupils, and other statutory requirements as listed in the Schedule of Selected Statistics for the year ended June 30, 2023.

Management's Responsibility

Management is responsible for the District's compliance with the aforementioned requirements.

Auditors' Responsibility

Our responsibility is to express an opinion on management's assertions about the District's compliance based on our examination. Our examination was made in accordance with the attestation standards established by the American Institute of Certified Public Accountants and, accordingly, includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our opinion does not provide a legal determination on the District's compliance with specified requirements.

Opinion on Compliance with State Requirements

In our opinion, management's assertions that the Fox C-6 School District complied with the aforementioned requirements for the year ended June 30, 2023, are fairly stated, in all material respects.

This report is intended solely for the information and use of the Board of Education, District management, the Missouri Department of Elementary and Secondary Education and other audit agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Members of the Board of Education
Fox C-6 School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Fox C-6 School District (District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 15, 2023. Our report on the basic financial statements disclosed that, as described in Note I to the financial statements, the District prepares its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Members of the Board of Education
Fox C-6 School District

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Fox C-6 School District's (District) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

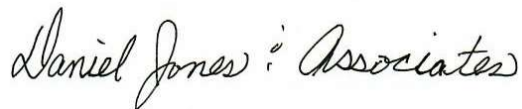

Report On Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

FOX C-6 SCHOOL DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of the District under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3 – INDIRECT COST RATE

The District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4 – RELATIONSHIP TO ACCOMPANYING FINANCIAL STATEMENTS

Federal awards are reported in the District's accompanying financial statements as follows:

<u>Federal Sources</u>	
General Fund	\$ 8,228,746.00
Special Revenue Fund	4,155,557.52
Capital Projects Fund	5,153.75
Total	<u>\$ 12,389,457.27</u>

NOTE 5 – RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Amounts reported in the accompanying schedule agree with the amounts reported in the related federal financial reports except for changes made to reflect amounts in accordance with the modified cash basis of accounting.

NOTE 6 – MATCHING REVENUES

For those funds that have matching revenues and state funding, federal expenditures were determined by deducting matching revenues from total expenditures.

NOTE 7 – NON-CASH PROGRAMS

The commodities received, which are non-cash revenues, are valued using prices provided by the United States Department of Agriculture.

NOTE 8 – DONATED PERSONAL PROTECTIVE EQUIPMENT (PPE) (UNAUDITED)

The District did not receive any donated personal protective equipment during the fiscal year ended June 30, 2023.
