Sale, Rental or Lease of Real Property (Real Estate)

No elected or appointed official of the district shall perform a service or sell, rent or lease any real property to the school district for consideration in excess of five hundred dollars' value per transaction or five thousand dollars' value per year to him or her, to his or her spouse, to a dependent child in his or her custody or to any business with which he or she is associated unless the transaction is made pursuant to an award on a contract let or sale made after public notice.

Businesses That Employ Board Members

A Board member may participate in discussions and vote on motions for the district to do business with entities that employ the Board member as long as the business is not owned by the Board member and the Board member will not receive any financial benefit from the transaction. The Board member may need to submit a statement of interest as described below.

Statement of Interest

Before voting, Board members who have a substantial personal or private interest in a decision before the Board shall provide a written report of the nature of the interest to the Board secretary. The written statement will be recorded in the minutes. Board members who have disclosed the interest in a financial interest statement filed or amended prior to the vote will be in compliance with this requirement.

Self-Dealing

1. Board members may not act or refrain from acting by reason of any payment, offer to pay, promise to pay or receipt of anything of actual pecuniary value, whether received or not, to themselves or any third person. This includes a gift or campaign contribution made or received in relationship to or as a condition of the performance of an official act.
2. Board members shall not favorably act on any matter that is specifically designed to provide a special monetary benefit to them, their spouses or dependent children in their custody.
3. Board members will not use their decision-making authority for the purpose of obtaining a financial gain that materially enriches them, their spouses or dependent children in their custody by acting or refraining from acting for the purpose of coercing or extorting anything of actual pecuniary value.
4. Board members shall not offer, promote or advocate for a political appointment in exchange for anything of value to any political subdivision.
5. A Board member will not attempt to directly or indirectly influence or vote on a decision when the Board member knows the result of the decision may be the acceptance by the district of a service or the sale, rental or lease of property to the district and the Board member, his or her spouse, dependent children in his or her custody or any business with which the Board member is associated will benefit financially. If such a transaction is presented to the Board, the Board member will abstain and leave the room during any deliberation.

Gifts and Gratuities

Board members and others who are subject to this policy are prohibited from accepting gifts or gratuities in excess of the amount established by the board from any vendor, vendor's representative or person who does or is attempting to do business with the district. Gifts and gratuities include, but are not limited to, money, personal property, free meals, tickets to events, travel expenditures and games of golf. Door prizes and other randomly awarded prizes, such as those awarded from raffles or other fundraising events, are not considered a gift or gratuity.

Use of Confidential Information

Board members shall not use or disclose confidential information obtained in the course of or by reason of their official capacities in any manner with intent to result in financial gain for themselves, their spouses, dependent children in their custody, any business with which the Board member is associated or any other person.

Even when there is no financial gain involved, failure to keep information confidential violates Board ethics and Board policy and could also violate state and federal law.

Nepotism

Legally Prohibited Nepotism

As required by the Missouri Constitution, Board members shall not vote to employ or appoint any person who is related to them within the fourth degree by consanguinity or affinity. For the purposes of this section, to "employ" includes hiring persons to be employees of the district and approving independent contractors who provide services to the district.

Other District Nepotism Prohibitions

In accordance with the Board's hiring policy, no person will be newly employed or appointed to a position in the district if the person is related within the fourth degree by consanguinity or affinity to a member of the Board of Education, the superintendent, an assistant superintendent or any person with rank equal to an assistant superintendent. However, if the person is already an employee of the district, he or she may be hired for extra-duty positions or may be allowed to change positions in the district as long as the change is not considered to be a promotion. Persons not currently employed by the district are eligible to be employed in part-time positions that are not eligible for benefits.

Financial Interest Statements

The board hereby adopts a policy establishing and making public its own method of disclosing financial interests of board members, candidates and specified administrators, in accordance with law. Financial interest statements (also known as personal financial disclosure statements) as described below shall be filed with the Missouri Ethics Commission (MEC) and the district board on or before May 1 for the preceding calendar year, unless the person filing is a board candidate. Candidates must file their reports within 14 days after the last day to file for office. The reports will be made available for public inspection and copying during normal business hours.

This portion of the policy dealing with the financial interest statement will be adopted in an open meeting at least once every other year by September 15. A certified copy of this policy shall be sent to the MEC within ten days of adoption.

Board Member Disclosure

All School Board members and candidates for School Board will file the short-form version of the MEC's financial interest statement each year. This form is also known as the "Financial Disclosure Statement for Political Subdivisions." School Board members and candidates will report the following transactions if they occurred during the previous calendar year. If no such transactions occurred, the Board member or candidate will still file, but will mark the items as not applicable.

1. Each transaction in excess of \$500 per year between the district and the individual or any person related within the first degree by consanguinity or affinity to the individual. The statement does not need to include compensation received as an employee or payment of any tax, fee or penalty due the district and other transfers for no consideration to the district. The statement shall include the dates and identities of the parties in the transaction.

"First degree of consanguinity or affinity" includes parents, spouse or children by virtue of a blood relationship or marriage.

2. Each transaction in excess of \$500 between the district and any business entity in which the individual has a substantial interest. The statement does not need to include any payment of tax, fee or penalty due the district or payment for providing utility service to the district and other transfers

for no consideration to the district. The statement shall include the dates and identities of the parties in the transactions.

Superintendent, Chief Purchasing Officer and General Counsel Disclosure

The superintendent, chief purchasing officer and general counsel, if employed full-time, will file the short-form version of the MEC's financial interest statement each year. This form is also known as the "Financial Disclosure Statement for Political Subdivisions." These employees will report the following transactions if they occurred during the previous calendar year. If no such transactions occurred, these employees will still file, but will mark the items as not applicable.

These employees will disclose in writing the information required in 1) and 2) above. In addition, these employees will disclose the following information for themselves, their spouses and dependent children in their custody:

Policy PURCHASING

Descriptor Code: DJF

The purpose of this policy and any related administrative procedures is to ensure that all purchases of supplies, equipment and services are made in compliance with state and federal law and good business practices. The board recognizes the importance of a sound fiscal management program and expects district staff to maximize the resources available for the district's educational program and to be good stewards of public funds by exercising fair, competitive purchasing practices. The district will respect its financial obligations and will also require that providers meet their obligations to provide quality products and services in a timely manner to the district. All purchasing will be conducted in a manner that provides full and open competition consistent with the standards of state and federal law.

All funds deposited with the district, regardless of source, are considered district funds and are subject to this policy. No contract will be entered into or bill paid without the proper documentation and without an affirmative vote from a majority of the whole board. No unbudgeted purchase will be made without prior board approval unless this policy's emergency provisions are applicable.

The board encourages district staff to purchase products manufactured, assembled or produced in the United States.

Purchasing Supervision

The chief financial officer will serve as the district's purchasing officer or will designate a purchasing officer. The purchasing officer will supervise district purchases of products and services and may authorize purchases on behalf of the district that comply with the board-adopted budget and this policy.

The superintendent, in consultation with the purchasing officer, shall develop procedures to implement this policy in a manner that will meet the district's needs while protecting the district's resources. These procedures will comply with all applicable laws and will centralize and provide oversight of all purchasing decisions.

Competitive Purchasing

Appropriate informal purchasing methods may be used for purchases under \$50,000. Formal purchasing methods are required for purchases that may exceed \$50,000.

The district will select the lowest or best bid. The district reserves the right to waive minor technical defects in a bid, reject any and all bids, reject any part of a bid, advertise for new bids, or make the purchase on the open market if the product or service can be obtained at a better price.

The district will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions detailed by the district. Among other factors detailed in the bid specifications, consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

When the purchasing officer determines that it is in the best interest of the district, products or services may be purchased by competitive negotiations or proposals rather than competitive bids. Likewise, the superintendent, in consultation with the purchasing officer, is directed to create procedures that allow the

district to benefit from cooperative purchasing and address unusual situations such as purchasing when there is a single feasible source for the purchase, or the district has contracted for procurement services. The superintendent is also directed to create a process whereby authorized providers are selected for frequent purchases, while still monitoring the competitiveness of these providers.

In addition to the requirements of this policy and the accompanying procedure, when federal funds are used the provisions of policy DJFA and related procedures must be followed.

Emergency Situations

Unless competitive bidding is required by law, the superintendent may waive the requirement for competitive bids or proposals after determining that there exists a threat to life, property, public health or public safety or when immediate expenditure is necessary to protect against further loss of or damage to property or prevent or minimize a serious disruption in services. Emergency purchases shall be made with as much competition as is practical under the circumstances and only when necessary to alleviate the emergency.

Debarred or Suspended Providers

The district will not do business with providers who have been suspended or debarred on a state or federal level. District employees are directed to verify that selected providers are in good standing before making a purchasing decision.

Confidentiality

Sealed bids and related documents will be kept confidential until bids are opened. District staff will not disclose offers, bids or price quotations to competitors except as necessary to conduct negotiations beneficial to the district or as required by law. All contract negotiations and related documents are considered closed until a contract is executed or all proposals are rejected.

Credit and Purchasing Cards

Authorized district employees may use credit cards or purchasing cards issued to the district to make purchases for the district or to pay for reasonable travel expenses incurred when performing official job duties. Employees will not use these cards to circumvent the bidding and purchasing requirements established by law and board policy. All purchases made using district cards must be attributed to the appropriate budget code and must conform to the board-adopted budget.

The district will use purchasing cards instead of credit cards to the extent feasible. Unless otherwise authorized by the board, only the superintendent and the purchasing officer will have access to a district credit card, and the board will set the amounts that may be charged to those cards. Temporary increases may be permitted by the superintendent or designee.

The board will approve which employee positions will be issued district purchasing cards and the limitations on the cards. The superintendent, in consultation with the purchasing officer, will annually review and revise the list of persons receiving district cards and the limitations on those cards. The annual review will ensure that only the employees who appropriately utilize the cards have access to them and that the limitations on the cards do not exceed the amounts of the projected expenditures to be made with the cards. The board will annually approve all modifications prior to implementation.

Any employee using a district card shall sign a card usage agreement and will receive training on applicable procedures for card use. District employees issued a card must provide documentation, such as receipts and applicable budget codes, justifying expenditures. The purchasing officer will examine all documentation prior to payment and will notify the superintendent or designee immediately if any purchase was made in violation of law or district policies or procedures.

All employees issued a district card must take all reasonable measures to protect the cards against damage, loss, theft or misuse. Any damage, loss, theft or misuse of the card must be reported to the superintendent immediately. No person may use the card other than the authorized employee to whom the card was issued. District employees will surrender all cards upon completion of their employment or term with the district or upon demand by the district.

Prohibited Activity and Reporting Requirements

The district expects all staff members to comply with the letter and intent of all district policies and procedures regarding purchasing. Under no circumstances may employees use district funds to make unauthorized or personal purchases. Staff members may not artificially divide purchases to avoid bidding requirements or design bid specifications to favor a particular provider.

All district employees must report suspected fraud, theft or misuse of district funds to the superintendent or purchasing officer immediately. District employees may be disciplined or terminated from employment for failing to follow board policy or district procedures and for any misuse of district resources, including district credit and purchasing cards. Unapproved costs and/or taxes will be recouped by the district.

The superintendent or purchasing officer will contact law enforcement and file a report or sign a complaint on behalf of the district in situations where a crime may have occurred.

Policy

Descriptor Code: DJFA

FEDERAL PROGRAMS AND PROJECTS

The purpose of this policy is to ensure that federally funded programs and projects in the district are administered in accordance with federal laws. Specifically, this policy governs all purchases of goods and services using federal funds and reflects federal conflict of interest rules applicable to board members, employees and agents involved with the selection of contractors and the approval and administration of contracts for federal programs and projects.

Definitions

Agent – A person or entity acting on behalf of the district who is not an employee of the district.

Contract – As used in this policy, a legal instrument by which the district purchases property or services needed to carry out a program or project funded by a federal award.

Contractor – A person or entity with which the district has an executed contract to carry out a federal program or project. A contractor does not include an entity with which the district contracts that received a federal award or subaward directly from a federal or state agency.

Gratuity – A favor, gift or anything of monetary value.

Immediate Family – A spouse or dependent child of a board member, employee or agent or any person living in the household of a board member, employee or agent.

Labor Surplus Area (LSA) Firm – A business located in a civil jurisdiction, such as a county or city, which is designated as an LSA by the U.S. Department of Labor's Employment and Training Administration.

Real, Apparent or Potential Conflict of Interest – A situation in which a board member, employee or agent; any member of a board member's, employee's or agent's immediate family; any business partner of a board member, employee or agent; or any organization that employs or is about to employ a board member, employee or agent has a financial or other interest in a firm the district is considering contracting with or would receive a tangible personal benefit from a firm considered by the district for contracting.

Federal Programs Administration

Federal programs administration must be in accordance with fiscal guidance for federal programs issued by the Missouri Department of Elementary and Secondary Education Division of Financial and Administrative Services, guidance from the federal Office of Management and Budget (OMB) and Title 2 of the Code of Federal Regulations unless otherwise advised by the district's attorney.

The superintendent shall be responsible for coordinating and administering federally funded programs and projects. The superintendent will ensure that the various departments operating these programs and projects do so in accordance with the requirements of the federal award and keep accurate and separate records, as required by board policy and in accordance with administrative procedures. The superintendent may delegate one or more duties to appropriate employees.

If the superintendent is not the purchasing officer for the district, the superintendent will work with the purchasing officer to ensure that goods and services purchased through federal awards comply with state and federal requirements.

Procurement

In addition to following the requirements of state law, board policy and district procedures, the purchasing officer will ensure that all supplies, equipment and services purchased with federal funds are purchased in accordance with federal law. No purchase will be made unless the purchase was authorized in the approved budget for administration of the grant. Every purchase will be identified in district accounts in accordance with the federal program under which the purchase was made.

Solicitation of Bids and Proposals

All notices of solicitation of bids and proposals will include notice that the district encourages bids and proposals from minority businesses, women's business enterprises, service-disabled veterans and labor surplus area firms.

Bids and Requests for Proposals

Bid specifications and requests for proposals will include a clear and accurate description of the technical requirements for the material, product or service desired and will identify all requirements and all other factors that will be used in evaluating bids or proposals.

Bid specifications will not contain features that unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equivalent" description may be used to define the performance or other requirements. The specific features of the named brand that must be met must be clearly stated.

Contractors who develop or draft specification requirements, statements of work or invitations for bids or requests for proposals for the district must be excluded from bidding on the project.

Pursuant to federal law, the district will not use local or state geographical purchasing preferences when purchasing goods or services related to a federal contract except when such preferences are mandated or encouraged under the applicable federal statutes. When making purchases with federal funds, the district will:

1. Take all necessary affirmative steps to ensure that small businesses, minority businesses, women's business enterprises and LSA firms are used when possible. To that end, the district will:
 - Place qualified small businesses, minority businesses and women's business enterprises on solicitation lists.
 - Solicit bids from small businesses, minority businesses and women's business enterprises when they are potential sources.

- Divide total project requirements into smaller tasks or quantities, when economically feasible, to permit maximum participation by small businesses, minority businesses and women's business enterprises. This provision shall not be used to artificially divide purchases to avoid bidding requirements or design bid specifications to favor a particular provider.
 - Establish performance and delivery schedules that encourage small businesses, minority businesses and women's business enterprises to participate when doing so is conducive with the program or project.
 - Use the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.
 - Require the prime contractor to use the affirmative steps of this policy when selecting subcontractors.
2. Purchase only items that contain the highest practicable percentage of recovered materials, as defined by the Environmental Protection Agency (EPA), consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000.
 3. Use solid waste management services in a manner that maximizes energy and resource recovery.
 4. Purchase, to the maximum extent practicable, domestic goods, products or materials produced in the United States.

The purchasing officer or designee may search state and federal surplus property offerings to determine whether any items the district needs are available at a lower cost without sacrificing quality.

Noncompetitive Purchasing

Noncompetitive purchases can be awarded only if one or more of the following applies:

1. The aggregate cost does not exceed the micro-purchase threshold in DJF-AP1.
2. The item is available only from a single source.
3. A public exigency or emergency will not permit the delay caused by publicizing a competitive solicitation.
4. The state or federal awarding entity expressly authorizes noncompetitive procurement in response to a written request submitted by the district.
5. After solicitation of numerous sources, competition is determined inadequate.

Contracts

The district will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement.

When making purchases using federal funds, the district will not use a time and materials contract unless there is a determination that no other contract is suitable and the district includes a ceiling price and oversees the project to ensure efficiency.

The district may use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions.

The purchasing officer or designee will resolve contract and procurement disputes in accordance with good administrative practice and sound business judgment. The purchasing officer is authorized to contact the district's legal counsel for assistance in resolving disputes.

The district will maintain records sufficient to detail the history of procurement.

Conflict of Interest

In addition to acting in accordance with Missouri laws governing conflicts of interest and financial disclosures, board members, employees and agents participating in the procurement of property and services using federal funds must comply with federal requirements. In cases where federal requirements are more restrictive than state requirements, federal requirements will be followed.

1. Board members, employees and agents will not participate in the selection, award or administration of a contract supported by a federal award if they have a real, apparent or potential conflict of interest. Such a conflict of interest would arise when the employee, board member or agent, any member of their immediate family, their partner, or an organization that employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
2. The district will disclose any potential conflict of interest in accordance with the policy of the federal awarding agency.
3. Board members, employees and agents will not solicit or accept gratuities, favors or anything of monetary value from contractors or parties to subcontracts but may accept unsolicited gifts of nominal value. For the purposes of this policy, a gift of nominal value is defined as an unsolicited gift of \$25 or less unless otherwise defined by federal law.
4. If the district has a parent, affiliate or subsidiary organization that is not a governmental entity, the district will develop written standards to avoid conflicts of interest with these related organizations (organizational conflicts of interest). A conflict would exist in situations where the district is unable, or appears to be unable, to be impartial in conducting a procurement action involving the related organization because of the relationship with the organization.

Consequences

Board members, employees and agents are required to immediately report any violation of this policy to the superintendent or board president. In accordance with federal law, the district will disclose to the state or federal agency that awarded the grant all violations of federal and criminal laws involving fraud, bribery or a gratuity violation potentially affecting the federal award. The disclosure will be made in writing in a timely manner. The superintendent, designee or board president will submit information about the violation to the state or federal awarding entity and will contact the district's attorney for assistance in making that report. See 2 C.F.R. §§ 200.113 and .318.

Unless excused by the board, board members who violate the provisions of this policy will be prohibited from holding a board office or representing the full board as an official spokesperson or otherwise. Employees who violate this policy will be disciplined or terminated, and the district will reconsider and potentially end business relationships with agents who violate this policy. In addition, violations of this policy or the laws it references may be reported to law enforcement, the Missouri Ethics Commission, the Attorney General's Office or DESE and other applicable funding agencies.
